

**CIVIL ENGINEER V  
Remediation Supervisor  
Position #42135**

The New Hampshire Department of Environmental Services (DES), Waste Management Division, Oil Remediation and Compliance Bureau has an immediate opening for a full-time Civil Engineer V. This position will manage the Remediation Subsection within the Petroleum Remediation Section of the Oil Remediation and Compliance Bureau. This subsection is comprised of professional geologists and engineers who implement and oversee complex hydrogeological investigations and remedial actions to protect human health and the environment from soil, groundwater, and surface water contamination. Experience in the investigation and remediation of oil or hazardous waste sites is required.

Minimum qualifications for this position are: Master of Science degree with a major in civil engineering, or possession of a Bachelor of Science degree with a major in civil engineering, environmental, chemical or sanitary engineering and possession of a Master of Business Administration degree and one year of work experience in the practice of civil engineering post professional Engineer licensure; or five years' post baccalaureate experience in the practice of civil engineering.

**OR**

Possession of a Bachelor's of Science degree with a major concentration in civil, environmental, chemical or sanitary engineering and three years' work experience in the practice of civil engineering post Professional Engineer licensure; or seven years' post baccalaureate experience in the practice of civil engineering.

**OR**

Possession of an Associate's degree with a major in civil, environmental, chemical or sanitary engineering and five years' work experience in the practice of civil engineering post Professional Engineer licensure; or seven years' post baccalaureate experience in the practice of civil engineering, plus two additional years' experience in a position comparable to an Engineering Technician.

Must be a registered Professional Engineer in the State of New Hampshire or a Registered Professional Engineer in another state and obtain licensure in NH within one year of employment. Must possess a valid driver's license to perform professional field work.

The salary range for this position is \$58,909.50 - \$70,063.50. Three additional steps may be awarded based on successful performance evaluations. The selected candidate must satisfactorily pass criminal background and motor vehicle checks and will have to pay a union/agency fee in the future. For further information on the responsibilities for this position, contact Margaret Bastien, Civil Engineer VI, at (603) 271-7372 or e-mail at: [Margaret.Bastien@des.nh.gov](mailto:Margaret.Bastien@des.nh.gov).

We offer an attractive benefits package. You can apply on-line by clicking on the following link: <http://admin.state.nh.us/hr/employment.html>. If you are having problems viewing the Employment Opportunities List, click on the following link: <http://admin.state.nh.us/hr/employment.html> or a State of New Hampshire application can be obtained in either PDF or Word format at the following website at: <http://des.nh.gov/organization/commissioner/hru/>, or request via e-mail at: [Sharda.Rao@des.nh.gov](mailto:Sharda.Rao@des.nh.gov); or call by phone at (603) 271-8875 or for hearing impaired at TDD Access: Relay NH 1-800-735-2964. Please return a completed application along with a copy of your official college transcripts to Human Resources, DES, PO Box 95, 29 Hazen Drive, Concord, NH 03302-0095. **This position posting will close on September 18, 2015.**
